

Pepita Tropical

Region:
Spain
Grapes:
Macabeo
ABV:
8.0%

What:

A vibrant, sun-drenched blend of crisp wine and exotic fruits that tastes like a vacation in a glass.

Where:

Only the finest Macabeo grapes, one of Spain's most famous grape varieties, from Valencia on the Mediterranean coast, ripened during the long sunny summer days are used to make the wine that gives life to this Sangria. The grapes are fermented in the traditional way to make wine and then an infusion of natural tropical and citrus essences are added. Pepita's smooth, sweetness comes from the addition of sugar made from the juice of grapes.

Food Pairings:

Enjoyed served chilled or over ice with a slice of lemon and orange peel. The perfect cocktail for a lunch or barbecue with friends.

Tasting Note:

This Sangria is notable for its freshness, ripe tropical and citrus flavors.
